
CERTIFICATE

OF QUALITY ASSURANCE

KRISH ENTERPRISES

Manufacturer & Direct Supplier of Industrial Lubricants & Greases

Mumbai, Maharashtra, India

This is to certify that all lubricants and greases manufactured and supplied by Krish Enterprises are produced in strict compliance with industry quality standards and undergo rigorous testing at every stage of production.

Our quality assurance process includes:

- >> Raw material testing and verification before production
- >> In-process quality monitoring at each manufacturing stage
- >> Final product testing for viscosity, consistency, and performance
- >> Batch-wise documentation and traceability
- >> Compliance with IS/ISO specifications for industrial lubricants
- >> Regular equipment calibration and maintenance protocols

Every batch of product supplied by Krish Enterprises is guaranteed to meet the specified performance parameters. We stand behind the quality of our products with our commitment to customer satisfaction.
